PORTFOLIO

<https://shahan2109a.github.io/my-portfolio/>

OBJECTIVE

My career objective is to join a dynamic and growth-driven organization where I can utilize my knowledge and professional expertise to contribute to the achievement of organizational goals. I am eager to continuously develop my skills and make a positive impact, fostering both personal and professional growth within the company.

EXPERIENCE

● DIGITIZAL | Wordpress Developer

Present

- Designed bespoke layouts, integrating dynamic content for captivating user journeys.
- Crafted 150+ websites with precision using Elementor, WordPress, and ACF.
- Meticulously crafted user interactions and engagement.
- Implemented cutting-edge optimization strategies for seamless functionality.
- Orchestrated web experiences with WPBakery Page Builder and ACF fields.

● TECHCURE | Wordpress Developer

3 MONTH INTERNSHIP 2023

- I prioritize user experience, ensuring that every website I create is intuitive and easy to navigate.
- I specialize in Elementor, Divi Builder, Flatsome Builder, and WPBakery, using them to build dynamic and feature-rich websites.
- I optimize websites to improve search engine visibility and organic traffic.
- I leverage Google Search Console to monitor performance, fix errors, and enhance website ranking on search engines.

● Patch Mania | Wordpress Web Desing

2023

I prioritize user experience, ensuring that every website I create is intuitive and easy to navigate. I specialize in Elementor, Divi Builder, Flatsome Builder, and WPBakery, using them to build dynamic and feature-rich websites. I optimize websites to improve search engine visibility and organic traffic. I leverage Google Search Console to monitor performance, fix errors, and enhance website ranking on search engines.

2018
 - Hafiz e Quran

EXPERIENCE

- GMAE | Wordpress Web Desing & Seo
2022

I took on the challenge of redesigning gmae.pk using the Flatsome theme and builder. Through meticulous SEO optimizations and resolving search console errors, I improved the website's visibility and performance on search engines. Additionally, I efficiently handled the products uploading process, ensuring a seamless and engaging e-commerce experience for visitors, ultimately enhancing the site's overall functionality and user experience.
- E-project | Historical Monument.Info
2022

I took on the task of designing the website portfolio.azfamtech.com/shahan/index.html, utilizing HTML, CSS, JavaScript, jQuery, and Core PHP. Through a combination of these technologies, I created a visually appealing and dynamic website. The use of HTML and CSS ensured a well-structured layout, while JavaScript and jQuery added interactive elements, and Core PHP facilitated dynamic functionality, resulting in an exceptional user experience.
- E-project | PHAssist
2022

As a proactive member of the Techvaiz team "MindUnit" from Aptech, I contributed to designing the website <https://mindunit.azfamtech.com/index.php>. Employing my expertise in HTML, CSS, JavaScript, jQuery, and Core PHP, I played a pivotal role in creating a visually appealing and interactive website. Emphasizing effective team collaboration, we seamlessly integrated our skills to deliver a dynamic platform, providing an exceptional user experience for MindUnit's online presence. The project instilled in me a deeper appreciation for teamwork and the power of combining diverse talents.
